

SVENSKA HUNDKAPPLÖPNINGSSPORTENS CENTRALFÖRBUND
The National Dog Racing Federation of Sweden

2016-09-09

To the Czech Kennel Club, CMKU

My name is Pia Westergren.

I contact you in my capacity as a contracted investigator of The National Dog Racing Federation of Sweden.

The reason for this is that there are on going infected discussions and private investigations in the National dogracingworld among Swedish Whippetowners. Where it says that it will be Greyhounds in Kennel SuperSonic's Whippet lines and requests to stop Supersonic dogs from racing.

The Swedish Kennel Club have answer that they will not end the dogs breed or pedigree unless the Czech republic so request.

I have taken note of documents from:

- a) Swedish owners
- b) Czech DNA laboratory, Genomia genetic laboratory
- c) Czech Republic Whippet club, from Mr. Jari Martinec, that it's only discredits of Supersonic Kennel
- d) Czech Kennel Club
- e) Klub Chovatelů CHRTU Anglických Dostihových Plemen

I now need to check the accuracy of the documents and have some questions to you.

1. Is there or have it ever been any investigations in CMKU concerning the breeder Supersonic?
2. Have ever Whippet Czech Republic Club asks CMKU to inspect rumors about and accusations of that dogs from Supersonic Kennel have used Greyhounds in their breeding of Whippets?

Best regards

Pia Westergren

Contracted investigator of
The National Dog Racing Federation of Sweden.
