Dear Madam,

Here you can find the answers:

1. There was the investigation concerning Supersonic breeding in summer 2014 on request of Klub chovatelů chrtů anglických dostihových plemen. No doubts were found by CMKU and the cause was definitely finished and closed by CMKU Committee.
2. Whippet Czech Republic Club attested that the documents are valid and the pedigrees were issued lege artis. The pedigrees from Supersonic kennel are valid for CMKU.

Best regards,

Ivana Jarosova, CMKU Secretary
